## TROUBLE ABOUT GARBAGE

Dixon System of Cremation Not Suitable for Washington.

DR. WOODWARD'S INQUIRY

Inspected the Plant in Atlanta and Reported Its Defects-Will Now Investigate at Wilmington and Philadelphia-Suggested to Have Both Crematory and Reduction Tested.

The garbage situation is in a state of semi-colinpse, so to speak, the bealth officer not being yet able to abandon ossearch light in his parsuit of information. Dr. Woodward went to Atlanta, accompanied by Mr. S. P. Bayly, representme Contractor Warfield, in the confident expectation of securing data upon which to recommend the Dixon elematory. He eturned Saturday evening, and yesterday orbinitied a report to the Commissioners. the system as operated in Atlanta. He says: "I am of the opinion, and in this Mr. Andrews, manager of the Southern department of the Dixon Company, agrees, that the system cannot be satis-

They are still of the opinion that the crematory is prefera-ble, and Dr. Woodward, again accompanied by Mr. Bayly, will leave this evening for Wilnington, Del., and Philadelphia, to convert the plants in those two cities with winnington, Del., and Philadelphia, to inspect the plants in those two cities, with the view of discovering a system that will meet the Washington requirement. They will investigate as to the operation of the Brown system in Wilmington, and the American Incineration Company, the Smith and Vivati processes, respectively, in Philadelphia.

The proposition has been made, looking to future service, that the Commissioners shall arrange for a trial of both the reduction and cremation methods by ordering a plant of each. This, it is argued, will be a practical test of the two systems, and will enable the bistrict authorities to the he a practical test of the two systems, and will enable the District authorities to in-telligently decide between them. ROBERT STRONG'S FUNERAL.

Beautiful Floral Tokens Laid on the Late Executioner's Casket. The funeral services over the temains of Robert Strong, executioner of the District, were held yesterday afternoon at his late residence, No. 119 Carroll street southeast. Rev. Mr. Jenkins, acting rector of St. Mark's Episcopal Church officiated and the brief Episcopal service was read. The floral tributes were numerous and beautiful, among them being a mag-miticently wrought design of white roses representing a large pillow, in the center of which, infaid with bias immortalles, were the initials U. S. J., standing for United associates at the prison. The pall-bearers were Capt. William C. Crawford, Capt. H. H. Smith, Mr. James Woodward, Mr. J. E. Bell, Mr. N. H. Cole and Mr. James Coleman. The remains were placed in a vault at Congressional

BOTH MULES IN EARNEST.

Sent Their Driver and His Friend to Grass in Short Order. A painful and peculiar accident occurred on second street southwest, about 8 o'clock

yesterday morning. A pair of large North Carolina mules at-

tached to a small wagon and driven by samuel Green, colored, became refractory and succeeded in getting their harness into a tangle. Green alighted and attempted to rearrange the straps when the near more suddenly raised his off hoof and drove it with the second colors. drove it with ten horse-power into the stomach of the driver, doubling him up and

sending him into the gutter.
William Carroll, also colored, who was in
the wagon, jumped down, but was caught in
the leg by one of the business hoofs of the off mule, and piled on top of his friend.

The two were soon bundled into a patrol wagon and taken to the Emergency Hospital where their injuries were attended to.

SEEKING CHANGE OF CLIMATE. Yesterday afternoon a good, horiest car-center, who has been paying \$6.50 every two weeks for the loan of \$50, called on The Times attorney to state his case. I is patently a good one, but the Shylock, in

view of the suit and another on file against him, has fled. Several of the money-lenders, in fact, have concluded that this is the best month in the year to take their vacation and three of them at least are expected to have shaken the dust of the city off their feet for an indefinite leave of absence. The Pareau of Legal Advice is natu-rally one of great assistance in the Shy-lock investigations, although only a small lock investigations, although only a small per cent of the inquiries now are in the Shylock matter. For all this, there is such a high stack of cases against the Shylocks still untried that if they were to be presented this summer The Times attorneys and the defendants' attorneys would stand a rather stim chance for a summer or fall vacation.

One of the interesting cases submitted
to the Buresu of advice yesterday is that
of a widow lady, who complains, ou good
ground, that an estate left to her son
has been literally plundered by a combination of friends, who took advantage of her husband's helplessness just before bis death. The estate was a considerable one, and some very respectable people may be compromised before long.

Is the Rind prediction made by the BIG man for all clothiers in Washington except himself. THAT'S CLEVER! DON'T YOU THINK SO? It is frequently the case, however, that the hole a man digs for OTHERS he falls into himself. Alleged barghin sales is the proper expression to be used by one who is holding a GENUINE reduction sale, but from what our customers tell us DAILY there isn't a more FAKEY sale held in Washington than that carried on by the BIG man, and on a HIGH-HANDED SCALE, TOO. There's a STRIKING contrast between the numerous sales held in town, but not in the BIG man's favor. OUR way of doing business is quite DIFFERENT from the manner in which it is carried on by OTHERS, and the people have learned that OUR advertisements and manner of doing business are STRICTLY RELIABLE. We never put goods in the window for the purpose of catching your eye, and when you come in to get them they can't be found. The lest proof of the satisfaction we are giving purchasers is the fact of one customer sending another. We are earning a CROWN of glory and building up a reputation second to NONE by doing an HONEST BUSINESS. We manufacture our goods and RETAIL them at the WHOLESALE price, but during this SPECIAL sale everything in the shape of Men's, Boys' and Children's Suits, also Men's Pataloons, has been reduced from 10 to 30 per cent BELOW the Wholesale price. Below we quote a few prices, but the goods MUST BE SEEN to be appreciated:

All of our \$25 and \$23.50 Suits . . . SPECIAL SALE \$20.00 These goods have been sold elsewhere for \$30 and \$35.

All of our \$22.50 and \$21 Suits . . . SPECIAL SALE \$18.00 These goods have been sold elsewhere for \$25 and \$28.
